IT TAKES
ALL KINDS . . .

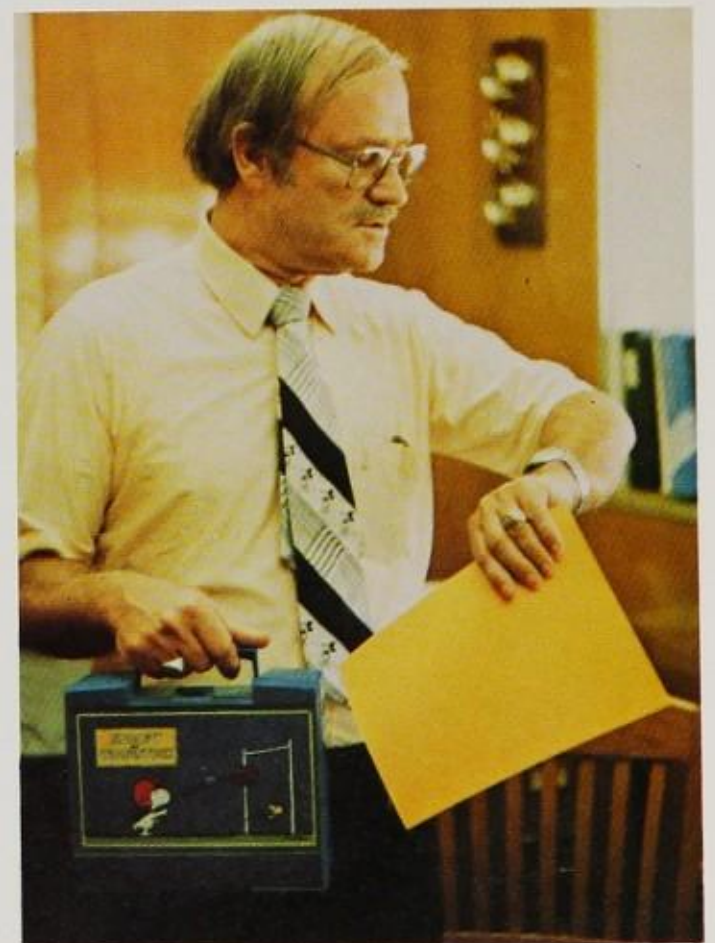

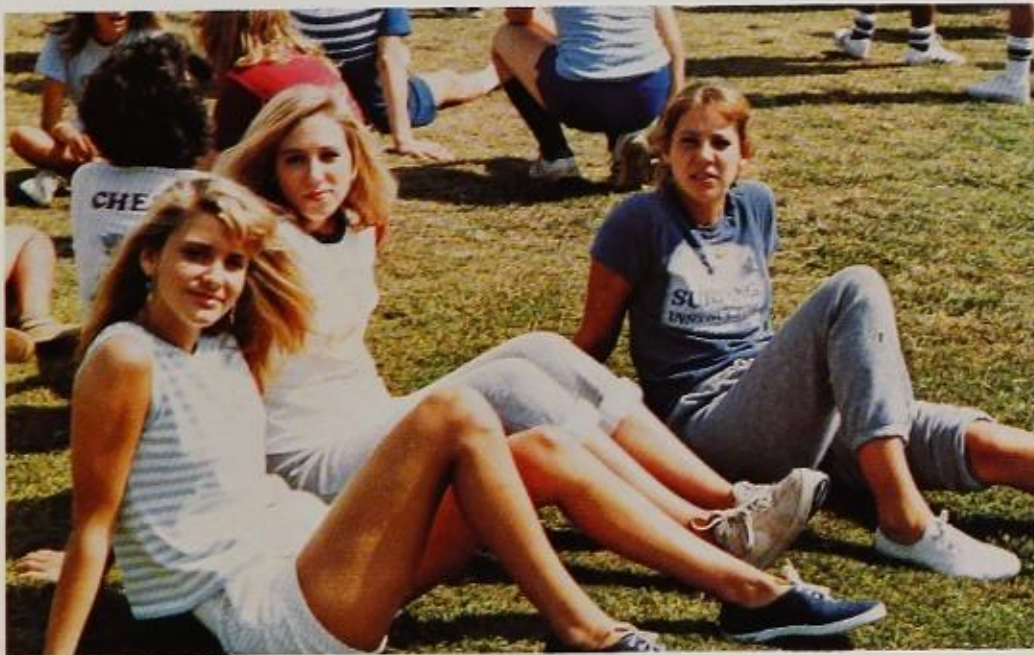

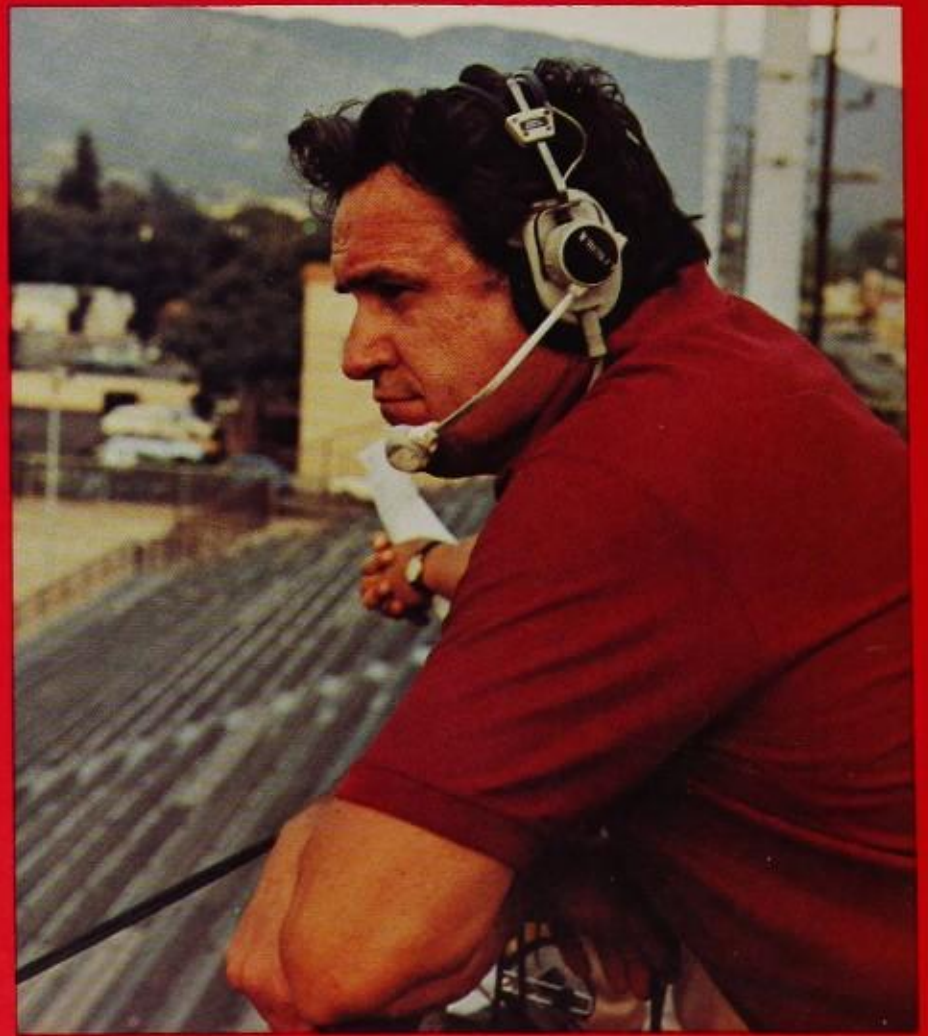

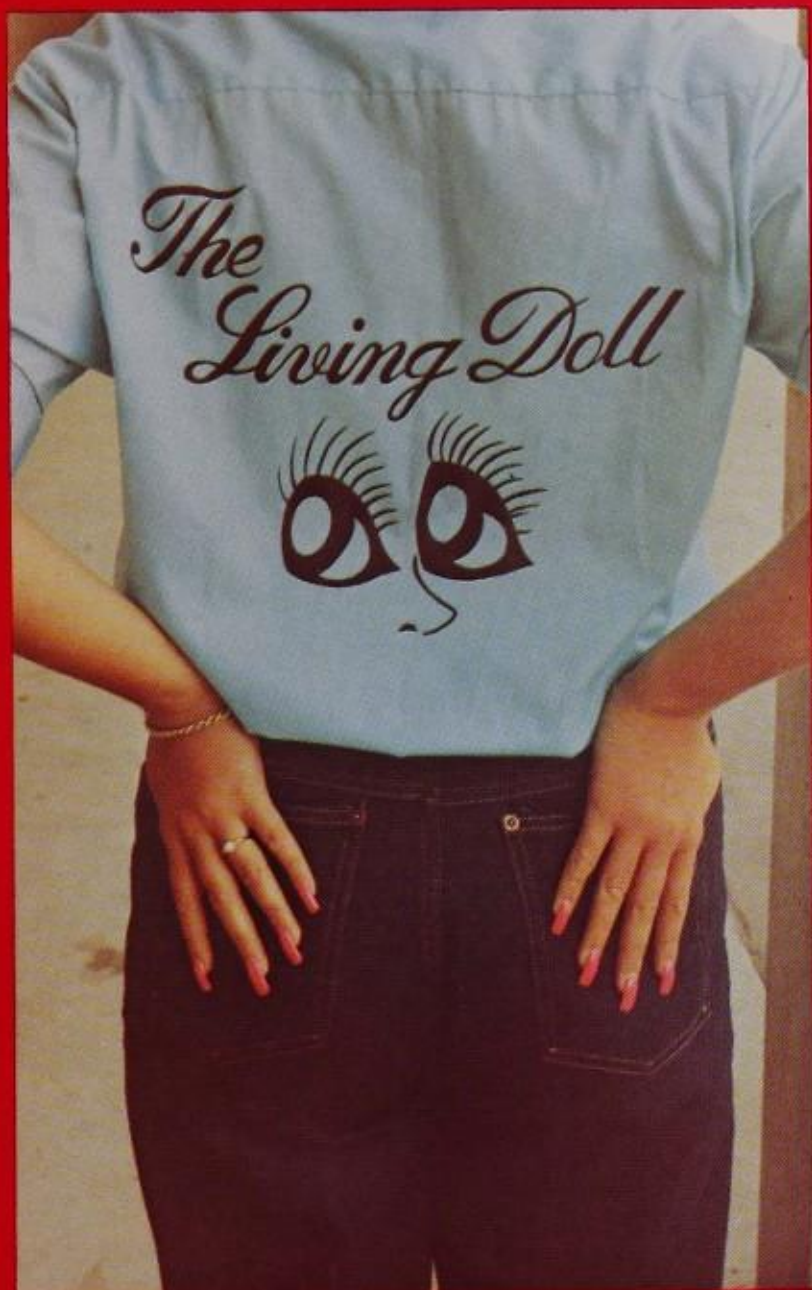

I am indeed pleased and proud to be the principal of John Burroughs Senior High School. There are over some four hundred public high schools in our state. They all have similar facilities — classrooms, cafeterias, auditoriums, athletic fields, etc. What makes them different are the people inside. We at John Burroughs, are blessed with an outstanding staff and an exceptional student body. This, with the support of parents and the Board of Education, make Burroughs one of the top high schools in the state. As a result, our academic, vocational, and extra curricular programs are the envy of many.

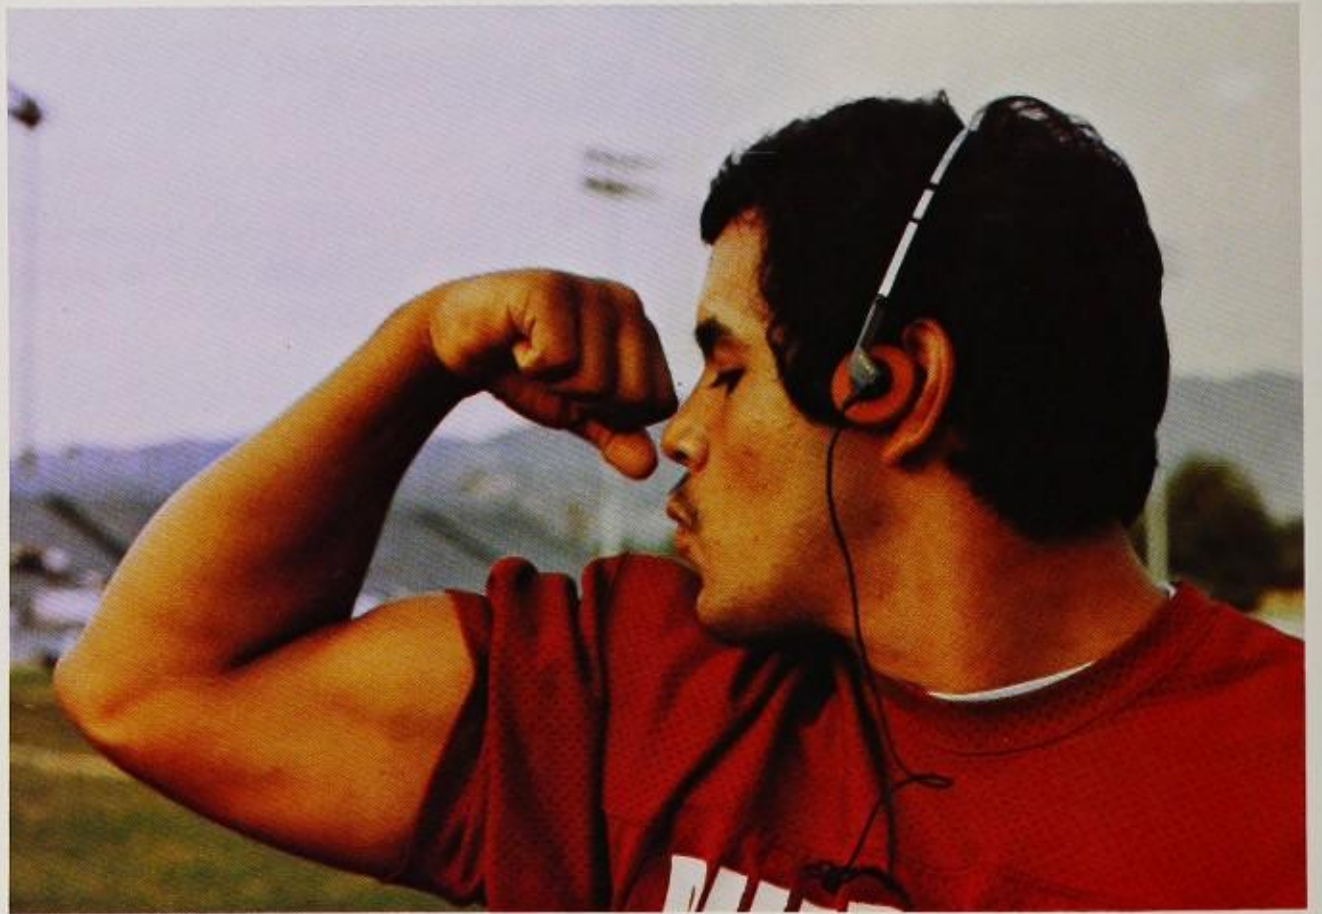

You should be proud of the fact that you are members of the John Burroughs High School student body.

SENIORS

The Seniors of 1983: What are we? Just a bunch of kids who survived three years at Burroughs. Most graduating classes have always been classified as fun-loving, but the class of '83 had a knack for knowing when it was time to be serious. Most students would agree that although the beginning of 1980 may have seemed bleak, the end in 1983 was rewarding and fulfilling.

The senior class of '83 is a class of winners. We know that we want to be successful and we've got what it takes. The loser says "It may be possible, but it's too difficult." The winner says "It may be difficult, but it's possible." This held true for the class of '83. Our initial successes, our continued achievement, and our optimism have proved and will prove to be the winning combination.

It is an indisputed fact that the "favorite subject" of every student at Burroughs is English (if usage in the halls is the criteria.) However, the staff members of the English Department cannot let natural enthusiasm supersede practical needs. And so the English curriculum is geared for a variety of interests and levels. In the Senior year we offer Advanced Placement, a year course which may give the student college credit while he is still in high school. We also offer Grammer and College English Review I & II, courses which prepare college-bound students to succeed in any of the colleges they might enter. But since all students do not prepare for college, we offer English 7 to establish the skills and confidence required for communication in any career. We also offer specialized courses such as Speech and Media, Business English, and Journalism.

In the Junior year we offer Honors English to prepare the student for A.P., and English 5 and 6. These courses are given on two levels to further advanced those skills which the tenth grade students have "joyously pursued." The X-Y level is acceptable for college-bound students. The Y-Z is for those who find English more difficult.

The Sophomore student is allowed English 3 & 4, but on one of three levels, to prepare for a more realistic assessment of Junior and Senior goals. In addition to these, the department offers E.S.L., Reading Lab and Writing Lab to assist more particular needs.

Business Department Acquires Sophisticated Equipment.

Due to Proposition 13 cut-backs, the Business department has been cut from 30 to 15 classes. Some advances, however, were made thanks to federal vocational education funds. The manual typewriter room was converted to a computer lab shared by the business and math departments, while another classroom received a complete supply of new electric typewriters. Word processing is now being studied thanks to two new electronic typewriters with memories and editing features. Future office managers and secretaries have also gained valuable experience in word processing through practical training on a new computergraphic typesetter with a video display screen and the capacity to set type up to 36 points ($\frac{1}{8}$ inch) high in any one of eight different kinds of type.

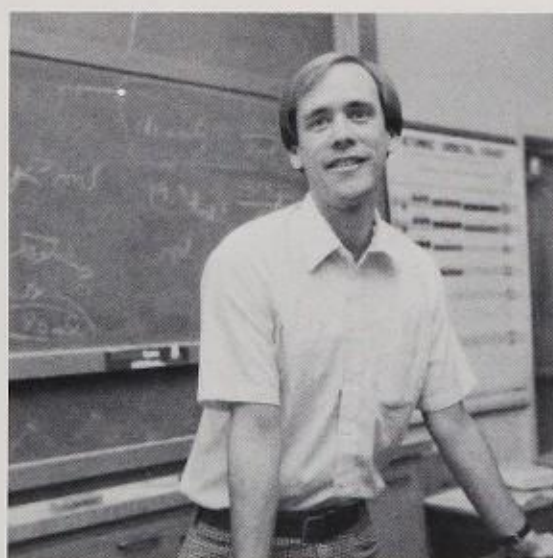

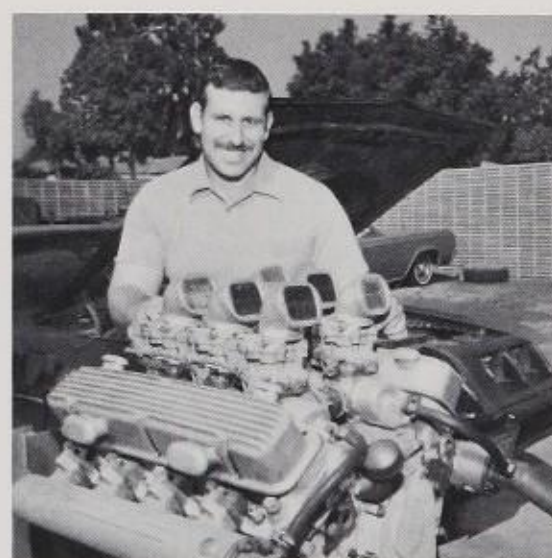

Burroughs Math Department Looks to a Future of Computer Technology. After teaching Computer Science for 13 years without equipment, Dr. Sid Kolpas now gives Burroughs students hands-on experience in programming with a network of new two way computer interaction computers. Dr. Kolpas plans on expanding the Computer Literacy program from a 1 year course of study to a 3 year Advanced Placement course. Students will begin with the initial computer language called BASIC, and increase their capabilities to include the languages of PASCAL and FORTRAN. According to Dr. Kolpas, the importance of computer technology is its application to related fields and disciplines of our academic life.

Woodshop Designs Custom Built Oak Furniture.

Thanks to the large donation of quality oak by the Barn Furniture Mart, the wood shop class was able to complete a custom medicine chest project. The beautiful, high quality oak chests utilized mirrors, and both glass and wooden shelves, and were sold for 35.00 each as a supplement to the department's income. It is hoped that in the future, private industry will continue to contribute their supplementary supplies to the schools, where department supply cutbacks would prohibit such projects.

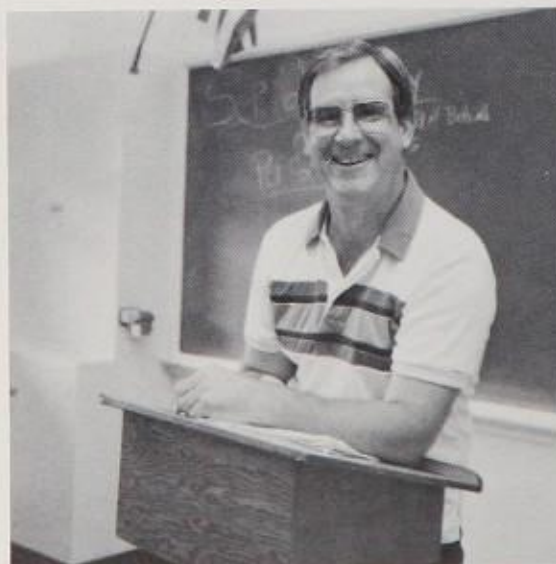

Auto Shop Skills in Demand.

Advanced Auto classes have taken on a new goal this year. In the past, they have done numerous small jobs on cars as needed, but now the class has focused its attention on engine rebuilding. Mr. Barney Gantz feels that there will be an increasing need for this skill during inflationary times, when buying a car may be prohibitive. According to Mr. Gantz, the shop class has been flooded with requests from the faculty, students, and some outside customers to rebuild engines, and thus extend the life and reliability of an older vehicle.

Students Show a Renewed Interest in Foreign language.

With international communication as its goal, the Burroughs Foreign Language Department is taking advantage of the high enrollment in French and Spanish to emphasize the need for Americans to be literate members of the world-wide community.

In Spanish, students are preparing for a job market which will be needing bilingual workers more than ever. Practicing the spoken language and becoming aware of important events in Spanish-speaking countries are important goals in becoming proficient in Spanish. Enrollment is also up in French classes this year. The prevalence of the French language in countries outside of France is being studied as well as an emphasis on the spoken language through weekly original presentations.

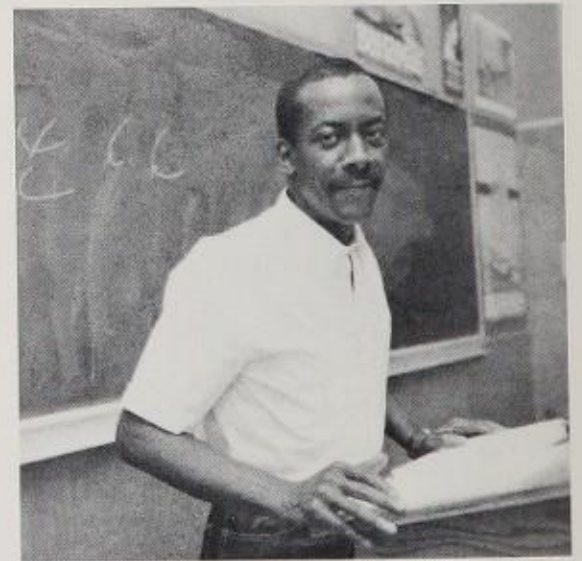

Students in all French classes enjoyed French cuisine together at a nearby French restaurant as well as cooking a typical French meal in the Burroughs apartment.

25% More Males Take Parenting Course This Year. More boys are taking an interest in parenting than in the past four years this class has been offered. Social changes such as single parenthood and divorce are demanding a more conscientious knowledge of marriage and child-rearing. The Parenting class has been taught this year, by Rhea Rogers and student teacher, Dorene Baiocco, with one of the highlights being a party given for area pre-school children. The children were invited to the Burroughs apartment where the class entertained them with games and refreshments.

Fine Arts Department Encourages Spirited Competition: This year the performing and visual arts students have entered numerous competitions to demonstrate their school spirit and talent.

The Art Department submitted numerous designs to the district-wide search for a new Burbank Schools logo. The winning design will be pictured on stationery, signs, and public relations materials, and will be permanently adopted by the school Board of Education.

The Burroughs Marching Band has been much in demand. They have performed in parades in El Monte, Baldwin Park, and Glendale and were invited to be a part of the popular Main Street Electrical Parade at Disneyland during Christmas vacation. The band won recognition at festivals and competitions at Valley College and Chaffee College, and was seen in the NBC television movie, **Wait 'Til Your Mother Gets Home**.

The Burroughs vocal groups have centered their talents around the areas of pop music and vocal jazz. They are changing their image from robed, stand-up singers to more of a show choir, equipped with three different outfits and more movement accompanying their songs.

Due to last year's success at competition, the Show Choir was once more invited to participate in the Aztec Sing Competition at Citrus College, and another vocal jazz competition at Colton College.

After the success of the fall drama production, **Auntie Mame**, the Drama Department moved into production of the full-scale musical, **Cabaret**. Director, Larry Naschel said that staying within the budget was definitely a priority if Burroughs wants to continue having a large musical each year. In the past, the two high schools have found it necessary to produce the costly spring musical on an alternating basis, in order to share the diminishing funds allocated for drama.

Special Day Class Emphasizes Vocational Experience. Utilizing a federally funded and extensive, new program plan, Special Education teacher, Tom Wegener began his **Hands and Mind** experience in January. In the new program, students use the medium of hand tools to learn and reinforce such important skills as learning to follow instructions and improving writing skills. The students, who spend 4 periods a day in the Special Day Class and 2 periods in vocationally oriented classes, are given individual work projects and audio-visual instructions. Using tools such as hammers, vices, and nails, they execute their own wooden creations. Through this program, students will learn to develop a skill which will lead to meaningful employment in the future.

Social Studies Students Visit the Legislature in Washington D.C. Students from Burbank High and Burroughs enjoyed a rare opportunity to watch democracy in action in our nation's capitol. The Close-Up program made it possible for students to talk with senators, representatives, reporters and lobbyists and to gain first hand knowledge of all aspects of political life.

Social studies teacher, Mr. Tom Marshall made his second Close-Up trip this March and says that he was very proud "to see how well (the students) were received and how well they represented our community. The students spent 16 hours a day "totally immersed in American democracy," Mr. Marshall added.

Since the student cost of the trip was \$798 for airfare, food, lodging, and activities, many students could not afford the program. P.T.A., teachers, community groups, private businesses and student fundraisers aided in raising money which was evenly divided among students selected to be a part of the Close-Up experience.

On August 21, 1982, the staff and students of John Burroughs High School were shocked by the sudden passing of Mr. Paul Raine, a counselor at our school. Mr. Raine transferred from Jordan High School to Burroughs in 1959. In his early years here, he taught typing, safety, and he was the varsity baseball coach. In 1966 he was assigned to the counseling office as a half-time counselor. He was made a full time counselor in 1968. During his years, serving the youth of our community, he had a very high regard for the value of an education. Because of this, he tried to instill, in both his students and counselees, the need to excell and strive for excellence. His passing has left a void on our staff which will be difficult to fill

The 1982 season was a disappointing one for the tribe ending with a 4-6 win-loss record. The season was, however, highlighted by a win over Big 5 opponent Fontana and a season-ending thrashing of arch-rival Burbank. The tribe was led on defense by nose guard Paul Warner, Kevin Fitzgerald (linebacker) and Brian Huston (defensive back) — all garnered All-League honors. Offensive stand-outs were All-League players Ron Teitel (wide-receiver), Jeff Markland (full back) and Eli Montemayor (running back). Mike Lisi was the leader up front and was selected All-League for the 2nd year running. Next year the tribe will benefit from the experience of players like Bert Roberts, Kevin Kenney, Al Montoya, Claudio Chavez and Bret Mersola.

JBHS FROSH-SOPH FOOTHILL LEAGUE CHAMPIONS 1982-83

This year's Girl's Basketball program progressed a long way — adding a Soph-Fresh team and sponsoring Burbank's first Girl's Basketball Tournament. The third team was very successful and provided younger girls with a chance to play this season. In the tournament, the Varsity and Junior Varsity lost to Muir in the championship game, 58-57 and 33-26, respectively.

This year's Foothill League consisted of four new schools — Hart, Alhambra, San Gabriel, and Schurr, as well as Burbank and Burroughs. Preseason was fairly successful. The Tribe finished second in two tournaments while compiling an 8-3 win-loss record and ended the first round by beating Burbank 48-46 in overtime and Schurr 64-51. During league season, Hart's strong team proved to be the major obstacle. Three girls made All-League this year. Kim Peppi made first team for the third straight year. Doreen Jensen made the second team and Terri Tinnell made the third team.

GIRLS SHOW STRENGTH

GIRLS CROSS COUNTRY TEAM: (L TO R) Mary Hoaas, Tiffany Buck, Ana Londono, Gail Johnson, And Coach Steve Wilkinson.

The Varsity team lost a meet this year for the first time since 1977. In fact, the team lost 5 meets. A poor sophomore team 2 years ago, and failure to hold on to several key performers from last year's team spelled disaster for the 1982 varsity. Nevertheless, toward the end of the season each varsity member had made substantial improvement. More importantly, and remarkably, a winning attitude was maintained despite the losses. Top efforts; Dave Bougher (16:29); Junior Amir Baser (16:54); and Soph Mike Tidik (16:58). The Girl's team had by far its best season in 1982. This year's team dominated the Top-10 list. This was most remarkable because there are no seniors on the team, and only one junior: Gail Johnson. In fact, of our top 5 scorers, 3 were 9th graders!

Next year could be their year. Top efforts: 9th grader Saralynn Dixon (20:40, new school record), Gail Johnson (21:18); 9th grader — Suzanne Oliverio (11:26); and sophomore Tiffany Buck (21:58).

For the last 7 years the cross country team has won a league championship in the Varsity and/or sophomore division. This year it was in the Sophomore division. Both Burroughs and Hart entered the Foothill League finals with 4-1. Based on past performances, Hart figured to win easily, but Jon Wagner's tremendous upset over a Hart runner won the race. Vastly improved performances from 9th grader Brian Andriuzzo and Darin Wolf plus the steady performances of Mike Tidik and Scott Kallem led to a narrow 36-37 win for the Indians.

Boy's Team. Our strengths lay in the sprints, low hurdles, relays and certain field events.

Ron Teitel, John Varga, Pat Cummings and Joe D'Alessio along with Bret Mersola, Chris Oglesby and Jeff Baum made up our sprint/relay/low hurdle corps. The shot put with Mike Lisi and Paul Warner was strong as well as the pole vault with Jerry Mersola and Steve Marx. Seniors Sean Young and Kevin Chevis led the way in the triple jump and long jump; junior Mike Anderson was our top high jumper; juniors Kevin Kenney and Bob Bailey ran the high hurdles; junior Amir Bashir led the distance runners along with Manny Mejia and sophomores John Wagner and Mike Tidik.

Girl's team There were a number of very good performers in the 9th grade and we didn't get them until after the all-city meet in mid-March. Diana Arnsperger, Wende Weckbacher, Chris Oliverio and Lynn McKennon led the way in the sprints and hurdles. Lilana Norgauer and Bernice Nussbaum were our top long-triple jumpers; Senior Doreen Jensen returned in the high jump.

1982-1983 was a rebuilding year for Burroughs Soccer. Graduation took most of last years squad including our 3 all league players. The incoming sophomore class had a small group of talented players, but lack of size and experience always makes it tough for sophomores to compete with other players. The new league alignment put us in against schools with good programs and strong soccer traditions. The challenge was obvious. We had to get tough, quick or be blown off the field. Our seniors and lettermen had to hold the team together while the new players could adjust to "HIGH SCHOOL BALL." We had to make up for our lack of size, speed and experience with toughness and ball skills. We weren't big enough to outrun teams, so we had to take it right at them. All fall we concentrated on tackling and ball fundamentals. We developed a skilled, aggressive and very physical style. Our style kept us competitive with older, bigger opponents. We gained confidence in our skills with every game. By Christmas we were playing well enough to take the consolation bracket championship in the La Canada Tournament. We started off well in league beating Saugus and playing competitively against the other schools.

Then disaster. At mid season right after playing Burbank very tough, we lost 4 starters to injury and grades. In the following game, Hart blew us out. Once again our captains pulled the team together. Against second ranked Alhambra in our next game, we played our best of the year, scoring three goals and pushing them to the final minutes before losing on penalty kicks. We played tough, aggressive soccer all year. When injuries eliminated our starters, we had to play entire games with no rest because we didn't have any substitutes, so opponents only beat us by using a lot of subs and wearing us down.

The development of the younger players made us competitive. Their performance this year makes us confident that Burroughs will be very good next year. The credit, though, goes to the senior captains: Darren Phan, Tony Perez, and Hector Sigala-Cruz. They held us together when things were tough.

The 1983 JBHS Varsity Tennis Team lost their first preseason game against South Torrance, but went on to win their next six preseason and league matches. One of the highlights of the season was an unprecedented victory over Glendale High as JB pounced on the dynamiters 23-5.

This year's Varsity singles were led by Rick Froehlich, seeded #1 and a returning Varsity Let-terman, and by Eric Duncanson the #2 seed. Coach Dick Patterson felt that these two players did extremely well during the season. JB also relied on Dave Bougher, Joe Tafoya, and Mike Tidik throughout the season for strong performances.

Co-Captains Brian Leon and Joe Tafoya also pointed out that this year's team did better, as a whole, than other JBHS teams in the past three years.

Next year's team, with strong incoming freshmen Amitesh Danubar and Milan Norgauer, is expected to be excellent and one of the best in recent years.

The #1 seed was held by Rick Froehlich, who is shown here reaching for a difficult shot.

WATER POLO

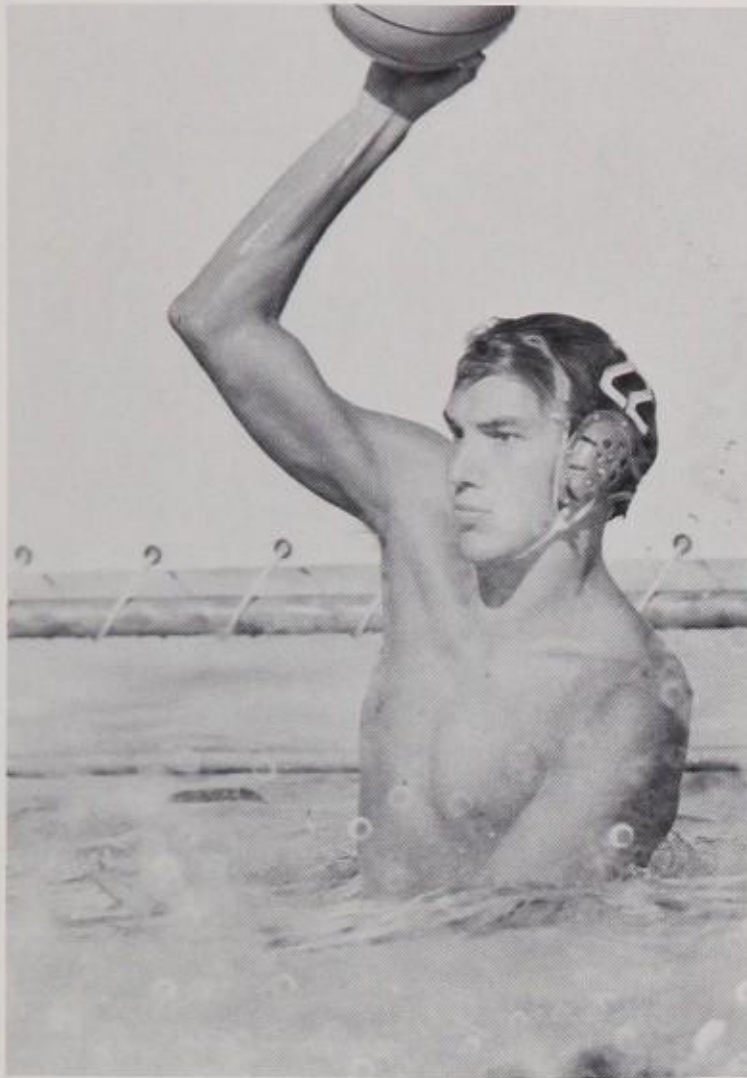

Water polo members were: Top row (l-r) Chris Bieber, Brian Brunck, Felipe Munoz, Brett Riddle, Joe Hunziker, Scott Rush and Coach Brian Hurst. Middle row (l-r) Casey Gannon, Jay Barnes, Mike Andrews, Adrian Spiga, Brent Ellingwood, Gary Matosin, Sam Gardjian and Coach Scot Simmons. Bottom row (l-r) Minesh Patel, Sean Turner, Jack Powell, Lee Trown and Tony Fragosa.

1982-83 was a tough yet satisfying year for JBHS Water Polo. Having lost a large senior contingent to graduation, Burroughs had to depend largely on returning varsity veterans Chris Bieber and Brian Brunck for experience. Senior players Felipe Munoz, Scott Rush, Joe Hunziker, Brett Riddle, Lee Trown and Jay Barnes filled the remaining positions, giving us a strong starting team but no depth from which to draw in the event of injury or foul removal. The lack of depth hurt us in the majority of games but the games that we did win (as well as those that we did not) were testaments to the toughness, dedication and competitive drive of our "few good men". Our season ended on an impressive note with a well-earned, last-second victory over Burbank High. Felipe Munoz, our team captain, earned All-League Honorable Mention, Chris Bieber was selected team MVP, Scott Rush outstanding offensive player, Brian Brunck outstanding defensive player.

Our sophomore team is already preparing for next season. With the return of lead scorer Sean Turner, goalie Casey Gannon, and center forward, Adrian Spiga as well as our other dedicated players, the future for JBHS Water Polo looks bright indeed.

Pooled Efforts

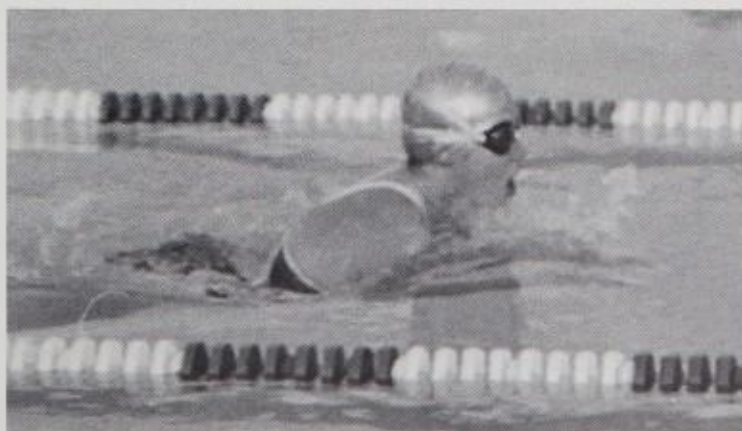

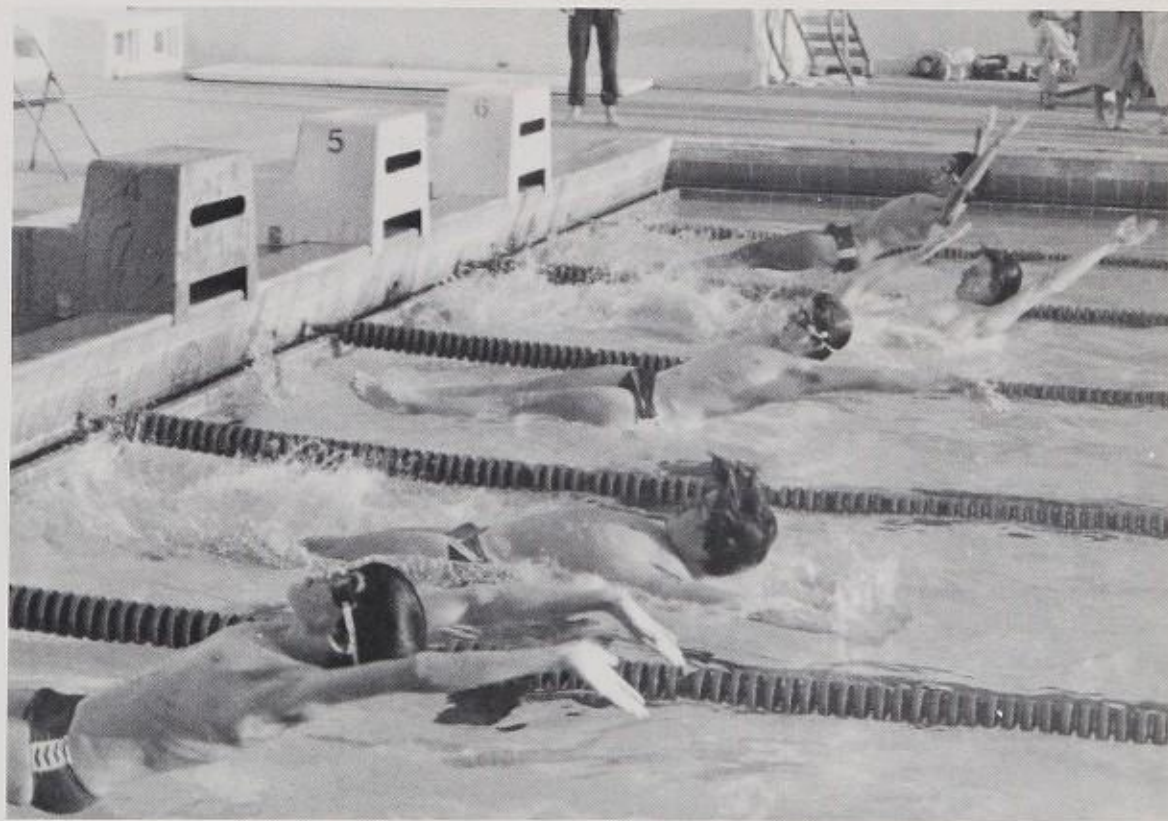

John Burroughs High School had more individuals out for swimming this year than ever in its history. Emerging into a new league with tough, competitive teams, the swim teams did an admirable job this year.

For the girls, returning "Swimmin' Women," Valerie Powers (distance freestyle), Helenka Wormer (sprint freestyle), and Melany Robertson, (backstroke) formed the core group. New members, Evelyn Ballesteros, Veronica Pledge, Janet Eoff and Charlene Leduce rounded out a strong Varsity team.

For the guys, returning record holder Joe Hunziker, distance man Chris Bieber, flyer Brian Brunck, backstroker Scott Rush, breaststroker Jay Barnes and freestyler Brett Riddle were the Senior powerhouses of the team. Sophomore talents Brian Sharpely, Sean Turner, Adrian Spiga, and Brent Ellingwood filled out our Varsity squad.

Outstanding performances by Minesh Patel, Rose Parcells, David Wang, Liz Leifeste and many others put our J.V. teams on the map. They will be our strength in years to come. JBHS Aquatics is on the way!

Golf Team (L-R,) Kim Bell, Paul Schepperle, Robert Tellez, Scott Wetzel, Sean Harkness, Jeff Thrasher, Mike Formella, Ron Valentine, Chris Phillips, Allan Gardner. (Not Pictured): Brady Riggs, Kevin Scheller, and Bob Watts.

The gold team, which lost three varsity lettermen to graduation, still had a strong team according to Coach Brian Hurst, who added that the tribe received two outstanding Freshmen from Luther Burbank Junior High to help fill out the roster. Senior Ron Valentine lead the varsity for the second straight year.

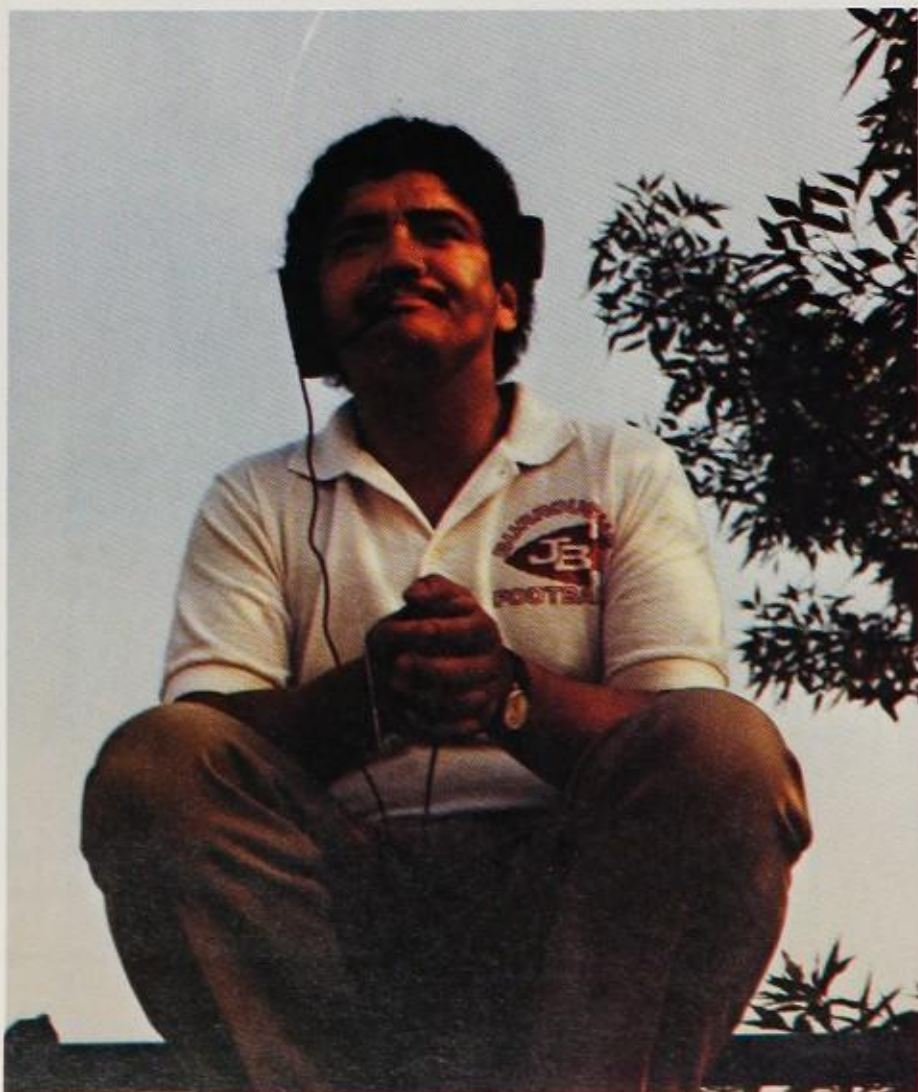

Valentine last year placed sixth in the Foothill League Championship at Wilson Golf Course. Two other lettermen returning for their second year were Juniors Mike Formella and Kim Bell. The Indians had a busy schedule before league started facing Glendale, Hoover, Canyon, St. Francis and Flintridge Prep all of whom had gone to CIF playoffs as a team or with individuals during the last three years. Top players this year were Valentine, Bell, Formella, Senior Robert Tellez, Junior Paul Shepparle, and Riggs. Riggs shot a tremendous 38 at DeBell.

INDIAN PRIDE

Mascot (1) Hortencia Diaz and Mascot (2) Chris Yun represent John Burroughs High School Indians. Both mascots went to the U.S.A. Cheerleader Camp last summer. Our mascots attended most of the games, and were in charge of getting the crowd fired up! As mascots, Hortencia and Chris helped make up various routines to promote school spirit. They organized the "Spirit Olympics" which was a competition between the sophomore, juniors, and seniors. The contests consisted of an ice-cube race, an ice cream eating contest, and the most popular one of all, the refrigerator run. Prizes were awarded to the most spirited individuals. "The reason we have these activities," said the mascots, "is to let everyone feel that they can be part of the student body and that they can express their feelings more when they get involved." As mascots and members of the John Burroughs Pep Squad, Hortencia and Chris have fulfilled various duties as an act of love and appreciation for their school.

"AUNTIE MAME" SENSATION!

"CABARET" LIGHTS

Nanette Guest and Dana Anderson are having a "Perfectly Marvelous Time"

Life is a Cabaret for Tony Tanner and Nanette Guest.

"The sun will rise the moon will set. You learn to settle for what you get ..." (Dana Anderson and Chris Tortolano)

UP THE STAGE

The multiple prize-winning Broadway musical "Cabaret" was the outstanding presentation of the John Burroughs Drama Department on May 19, 20, 21 in the JBHS auditorium.

Nannette Guest (Sally Bowles) and Dana Anderson (Clifford Bradshaw) portrayed the outsiders caught up in the events taking place in the glitter and frenzy of Berlin in those days just before Hitler came to power. She enacted a restless, reckless English girl trying to believe in her singing talent; he an American hoping to become a writer and fatalistically drawn to her.

Their young romance was echoed by a middle-aged couple. Joseph Stafford (Herr Schultz) was seen as a Jewish shopkeeper who deluded himself that the Nazi movement was no threat to him. ("I'm a German myself," he insists, "Germans will not be taken in with that foolishness."), and Chris Tortolano (Fraulein Schneider) acted the part of the sadly resigned rooming housekeeper with whom he hopes to end his loneliness.

And Tony Tanner was seen as the clown-faced "Master of Ceremonies" of

the Cabaret where much of the musical's action occurred. A place symbolizing the sleazy debauchery of the time in which people tried to ignore the evil rising on the horizon. It is he who epitomized the smirking master of the decadent revels and sang the leering, insinuating, acridly tuneful welcome to the night club's life, in three languages.

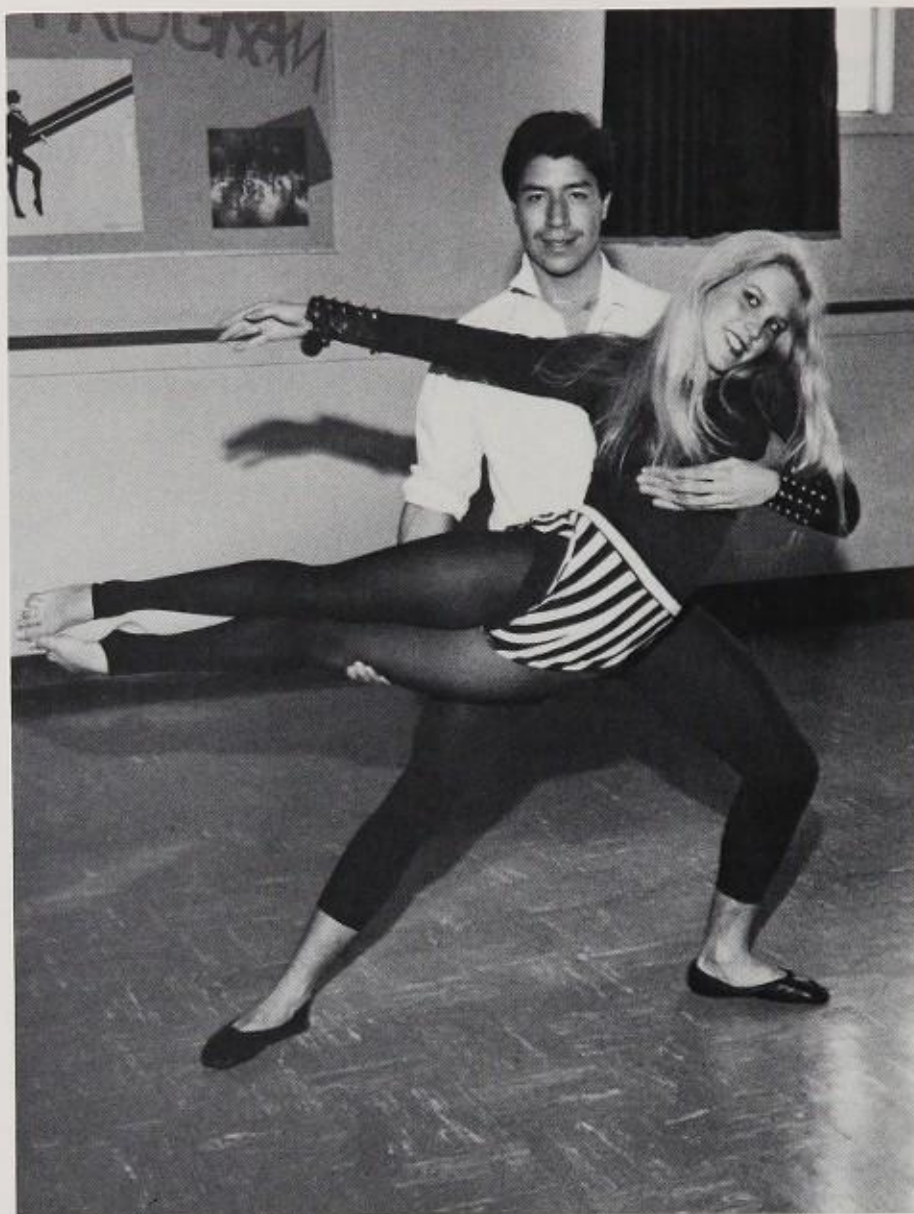

Glenn Wilson was seen as a fanatically devoted Nazi while Bretigne Shaffer portrayed a woman of the night.

Additional cast members included; Michael Alch, Gena Benn, Dean Blagg, Darla Dargenzio, Karen Gross, Laura Hanson, Marc Holmes, Ed Lacabanne, Tony Manocchia, Gary Province, Heidi Shaffer, Brent Walker, Christy Wright and following her sensational appearances as Miss Lynch in "Grease", the drunk in "Guys and Dolls", and Aunt Euphemia in "Auntie Mame" — Miss Wojtyla created yet another memorable role as "Fraulein Geist". Robert Aragon (assistant to the director), Alecia Duke, Dawn Hendrick, Eugene Russell and Laura Santillan coordinated all aspects in Technical Theatre for the production.

Well, I suppose this is the place I write something thanking every one for helping me complete this book. This is a lot harder than it sounds, but here it goes. A special thanks to my right-hand, dedicated, hard working, (can I stop now?) friend Crystal Sloan, because without her I'd either be in a straight jacket or my staff would have killed me. Then we have Jay Barnes, who took care of things while I was busy having an emotional breakdown. I hope you both know that I could not have made it without both of you. I Love You Both Very Much!!!! As for the rest of you, if it weren't for Akela second period, Martino's would be in danger of going out of business (a joke guys, really). You did one heck of a job. (you put up with me didn't you — give yourself a hand!). Lee; thank you for getting me my morning Tabs, Brian B.; thank you for just coming to class everyday — it gave Simmons someone to pick on besides Crystal and me! Brian L.; thanks sweetie. You were always ready to lend a helping hand, or smile — whichever was needed at the time. Diana Y., Connie, Diana A., Brenda, Melany, Helenka, Mike, Minesh, and Adrian, you are a lot of fun to work with! **SORRY** for all 1,500 times I yelled (it was just hot air). I really am glad that I had you for a staff! Brian F.; well, I taught you how **not** to do it, so, the rest is up to you! (I'll have to remember to ask Simmons if he can work a year's supply of Tums into the budget.)

Mr. Simmons, (thought I forgot you, huh?) Thank you for a world of kindness . . . Thank you for your endless patience . . . Thank you for your sensitive understanding . . . Thank you for your confidence in me. You have given to me, more than you'll ever know. Well, here it is, a whole page and I still feel that I haven't said enough, but like I said from the start, this was not going to be easy. After all, how do you put a year full of memories on a page and say it all, anyways? See what I had to go through! (I loved it — **all** of it!)

My Love and Best Wishes,
Janine Weger

Miss Vanderbelt, It's so hard to try to put down something so brief describing our outrageous 17 year friendship! We know each other so well and I hope you know how much you mean to me! You're my best buddy across the street, my savior, counselor, joker and most of all, my friend. I love you with all my heart. This year was the first time I realized what you are to me, a true friend. We've gotten through the toughest part and made it. Now we will grow together. I'll always be your buddy!

Love,

Miss Rockafeller

Jill, You are my best friend. Thanks for always being there. We've had a ton of great times and there are millions more to come. You're a great person and friend. I love you.

Debbe

Crystal, I didn't tell you very often how important you are to me. You gave me so much. Somehow I hope you know that my feelings for you are stronger than the words that never came out just right. Thank you for listening, for sharing my doubts and fears, for accepting me when I was completely down, for caring when I felt no one else did. I love you!

Your friend,
Janine

Kelcee, Sandi and Stephanie, First of all I really love you guys! How can I ever repay you or Him for that matter for showing me the way, the truth, the life and last but not least His love. No matter what happens to me (like being crushed by an Amazon elephant, or hit over the head with the controversial doctrines of our 8:00 buddies) I want you to know that you're the greatest! You have given me everything true friends can offer. (Trust, Honesty and Love) Where would this world be without genuine people who really care about you? I can't answer for the rest of the world, but I have a feeling that we would all die.

Your Sis,
Laura

Rich, Maria, Jerry: I owe so much! When our "group" failed we stuck together and held each other up. You 3 mean so much to me I can't begin to tell you! Thanks for the friendship and always letting me blow off steam to you. We will definitely keep in touch. I love you!

to those facets of lice, whatever they are. **Marc:** Men peak at 18, women at 40. Friends, Romans, countrymen, lend me your ears! Since I take no stock in dead people, let's grow some paramecium cultures over the summer. If you run out of magic tape, draw circular functions in your mind until it ends. Don't become too puritanical, but strive for what is your Manifest Destiny. See ya all next fall.

Your friend,
Edmund

Mindi, What can I say to such a great friend and all around fun person to be with? THANKS! That's what. You have been such a special part of my high school years that I will never forget you. We have had so many good and bad times and you have always been there when I needed you. As I write, two things come to my mind — J.V. softball as sophomores and Biology as juniors. We had the most awesome team in 10th grade. We couldn't be beat! Remember how great it was. Then there was Biology. It is truly a wonder that we ever passed that class. We could not stop fighting long enough to listen to any of her lectures. Maybe that is why we are so close now because we fought about everything then. But, Mindi, this year has been the most special. I know you had a tough time in basketball and I want you to know that I suffered with you every minute. Being March and the very beginning of softball season, there is a large part of our senior year that is still missing but when you read this, we will be able to look back on our last softball year and our final months at JBHS and realize what a super time we had, together! Thanks for being so great. I really love you a lot.

Cindy

Jill and Gail and Lori and Robin, I'm glad we all got to become friends this year. Our lives through J.C. are exciting! We will have a blast at Hume! Thanx for the friendship, good luck, I love you all MARANATHA in '83

Valerie

A MESSAGE TO: **Jolynn Blackburn:** Dear, you have truly been one of the best friends anyone could have. **Joe Stafford:** O.K., I'm tardy, pick an excuse — a. pig truck overturned b. airplane landed on freeway c. car was attacked by a band of Apaches One of these days you'll meet the perfect wife (cutoff shorts, town up Vans, no socks) and have plenty of kids (cutoff diapers, torn up booties, etc . . .) **Susan, Aracely, Robin and Norma:** When I think of you I will always remember Aracely's smile, Susan's blush, Robin holding back a smile (just after drinking something) and Norma going "(gasp) Danny!" with those great big eyes. **Lillian (Z):** (Harvard Accent) Lillian Darling, these past years have been absolutely marvelous knowing you. Just remember me as that crazy donexious Aries. **Sharon Wise:** Honey, if I die you can have my blue coat, O.K.? Satisfied? **Scott Rush:** We've been in so much trouble that I've run out of excuses for St. Peter. I will never (though sometimes wish I could) forget the popcorn and pinto beans days. Admit it, it was funny those poor people at the bus stops! **Brett Riddle:** As I've said before, you're the best of all my friends, you're my brother. Remember — the fire extinguisher you and Scott. The girls we chased in cars, etc . . . **Chris Bieber:** You're a radical skier dude. But hey, I won't knock your skiing if you don't knock my driving (taught to me at

Dukes of Hazzard Driving School) and not wearing socks. **Jay Barnes:** Don't let what Mr. Simmons says bum you out any. Hey, this is a man who cut off his nipple shaving his chest! **Joe Hunziker:** How can I forget a guy who wears more pullover sweaters than me? (PREP!)

Later on class of '83

It's been real!

Dan Bernard

JRC

To All My Friends, Thanks for the fun times. Good luck in the future.

Should I Stay Or Should I Go? is what I ask you, Julie Troyanek. Diana, who loves Rock n' Roll? Lori, are you a hound dog? Excuse me Michelle. Elizabeth, por que tienes hambre? Kim, you are a Bethmobile. You all have made my two years here at Burroughs very special. I will miss you all. P.S. XXXXXX P.S.S. Nine and Michelle Senior Bethmobiles.

Christy and Heidi, You two have been such an important part of my life for the last 3 years that I wanted to thank you. Christy, you and I go so far back that I lost track but I will never forget all of our great times. Like 1981 trails and all the camps we have gone to, etc. You are really terrific! Heidi, thank you for always being the light in a gloomy day. You would always be there with a joke and a smile to make me and everybody else feel good if they had a problem or a bad day. Thanks again to both of you. I love you a lot!

Cindy

Gary (mouse), I just wanted to thank you for all the good times we've had together. Thanks also for loving me and being there when I needed you. These past two years have been great, but I'll miss you a lot next year. I hope you realize that I can't write everything you mean to me in this little bit of space. Always remember that I luv you and I'll

always be here when you need me. Gary and Mabel

Love you,
Mabel

Rob!! Well sis, It's finally here. Graduation. It's hard to believe that in just a few days we'll be high school graduates. We've been through a lot together. Your friendship means more to me than anything. You're a true friend. You were always there when I needed you and boy at times I sure needed you. We've had a lot of fun together. Remember me at Rosarita laying on the beach with a towel over my head?! What about you falling down the hill with roller skates and me being carried! ha ha Boy was that a laugh. What about when Doug's car broke down and you three had to push it and all I had to do was steer. (I was the lucky one!) What about softball? (The all-star game?) Remember the prom? Boy I had a wild time. ha ha We've had some pretty wild times huh? More than we can count. All I have to say is that I would never trade your friendship for anything. You're really something special. We'll stick together through thick and thin. I hope the years ahead treat you well and I hope you get everything you wish for because you deserve it. Well there's a lot more I'd like to write but there's not enough room in this darn space to write it all. So "I love you" and "thanks" for always being there. P.S. Shellol! (You're welcome)

Love,
Your best amiga always!
Jul

Debbie-Doo, We've been through a lot and I just want to say thank you. I just hope we don't ever stop being friends because you're a big part of my life.

Kisha

Darling, Since you entered my life, I've learned so much mostly how strong my love is for you. So always remember. Love is: Love is something special that specialness I found with you. It's laughter and it's sadness that's shared between just two. It's trust and understanding and always being true. But most of all, my darling Rolf, love is loving you.

Love,
Kisha

Lisa P., Kim, Terri, Diane: These last 3 years of my life have been just great but they would not have been the same without all of you playing such important roles in my life. I will never forget all of the classes you guys made so much fun for me that would have otherwise been sooo boring. Also, you all put a special spark into basketball and softball practices to make some of the low times seem so much better. Thank you.

I love you all,
Cindy

Mr. Hurst and Mr. Grimes: Two of the greatest coaches and friends I have ever had. Thank you for caring so much when someone was having a hard time with their performance on the field and court. You are both so understanding to everyone's feelings that it was so easy to come to you for a cheering up or just to talk. Thanks, also, for putting up with me and my too quick temper.

I really love you guys,
Cindy

Beasel, Holloway, Marci, 'Chelle, Dawn (Fox), Thanks for all of your strong support in basketball and softball and always being there when I was falling to pick me up. I wish the very best for all you guys next year as seniors, and for you, Diana, in the next two years. Being a sophomore wasn't too bad, was it? Just remember everybody is one, sometime or another. God be with you forever. I love you all very much.

Cindy

Humphrey, These past three years have been an experience! What we shared when we were together is very special to me and the friendship that we share now is extremely special. We have some terrific memories and we still have lots of good times ahead of us. You have been a major part of my life and I would just like to thank you for the experience that you have given me. I'll always cherish our friendship. Let's always keep in touch. I love you and I always will. P.S. Comfortably numb is still the hottest song! P.S.S. You're still the cutest!!

Love,
Annie

Lady Dee, Party Hardy! and dance your heart away this summer. You are the greatest friend I've ever had. You and I are almost like twins. I'm going to miss you when I go to S.C. To all my friends, Well the year is finally over and for most of us we will be saying goodbye to Burroughs. You have all been the greatest, and I hope we will always keep in touch. We have been through a lot and shared in the good and bad times, and of course the fantastic PARTIES we had. I'll miss you all!

Your friend,
Lee

Diane, Hey babe! It's been some senior year! I just wanted to say thank you for being such a terrific friend for these past 2 years. You're always there when I need you and that means a lot to me. We've shared some really good times together: biology, english, calculus, football games, trips to the beach, parties, juicy gossip about cute guys, 31-flavors, Wiki-up, 4th of July, getting locked out of my house, just to name a few. We will definitely have more good times in the future. We will have to keep in touch during our college years. We've shared a great deal of happiness (even some sorrow) and will continue to do so always. Thanx D.O.! P.S. Thanx for teaching me how to park my car! P.S.S. Which way is East? "Quick Diane, which freeway?"

Love always,
Cassi

Brenda, We've definitely been through a lot these past years. I'm glad that we've gotten to be so close because I think we have a special friendship. It's really hard to find a friend who accepts you as you are and demands no more or no less. It means a lot to me that we respect each other's views (religious) and decisions. I'll always be wishing the best for you and your family because I love you all so much! Brenda ... You are a beautiful person and don't you ever forget how much you really mean to me. I just wanted you to know that I'll always care about you ... NO MATTER WHAT!!

I Love You,
Laura

Randy R., Are you still going to town? You realize of course that statistics have shown that people who pick their nose is hazzardous to their health. J.B.H.B. VARSITY H₂O POLO CRANKS! Hey Guys, Though we weren't Champs, we beat Burbank! That made the whole season worth while, glorifying victories as well as devastating defeats ... Thanks Coach Simmons, You made it all possible. That extra push made it all come true. We beat Burbank, satisfied? Maybe one day aquatics will be a little more popular, and people finally realize how much of challenge it actually is. Thanks for everything, sir. ... Where's our pizza?

Dear Lisa, You're the bestest friend anyone could ever hope to find. Without you my years at J.B. would never have been as great as they were. You've filled my life with wonderful memories of great times, happy things and lots of love. You'll never know how much you mean to me. You're like the sister I've always wanted but never had. Thank you for sticking by me through all the tuff-times. I love you very much and will always be there if 'u' need me. Dear Sally, What do I say 2 someone as special as you? You've always been there 4 me; You always make me laugh and your advice is the best. Without you and Lisa I don't think I would have made it through a lot of times. You will always be a dear friend to me. I love you. Dear Lori, I've only known you a short time but it seems like we've been friends for ever. You've done so much for me; since I've met 'u' my life has changed both spiritually and mentally. This last year has been my best and worst and I thank God you were there to share it with me. You will always hold a special place in my heart. I love you.

Janene

Pinhead: It seems that the worse every school year gets, the better our friendship. This year may not have been the best academically, but think of the "extracurricular" activities! But hold off, 'cause the best is yet to come! And we still have past memories to top it off! (I won't go into detail ...)

Love always,
Lindie

Mr. Hurst, What can I say to a person like you? You're my second father. I have known you for two years and you have been the best coach and the greatest friend. I can run to you with any problem and you're there to cheer me up. I will miss being your social chairman next year but I'll be back to help Frank and you coach. But it will be nothing like the 2 basketball seasons that we had. All the trouble we gave you (steeping, stopping by at midnight) and all the sayings you had (Get back in the kitchen) sprint 'n' slide. I will never forget you as long as I live. You have shown me to be a better person and you're the greatest person on Earth.

I love you so much,
Mindi

Diana, For the past year and a half, we have shared some of the greatest times together. You have been a super friend to me and I hope our friendship will last forever. Thank you for being there whenever I needed someone. You're the greatest and I hope we will always keep in touch.

Love ya,
Lee

Teri Jo: Although our friendship started in fourth grade, it will not end in twelfth in fact, the fun is just beginning. I'll never forget that first time in fourth grade when we were doing "Trade Winds". "Lindie, can you help me?" I thought, boy she needs help! And the brown sugar out of a teaspoon! I'll never forget anything we've done together. Here's to my best friend —

Love always,
Lindie

My sis, the Social Butterfly, it's been great with you and I in the same school. Did it compare to Junior High? I know I didn't carry you around on my shoulders but we had fun! Tennis was great! You and I are the best. Fighters! Animals! Beasts! Attack! Attack! (What happened at C.I.F.) Opps! Oh well we still stuck together! You know I really love you and I truly am sorry I threw that can of soup at you!

Love,
D.O.

Cindy & Lindie, the twins: Maybe by the end of the school we'll get together and go out. We've had some great laughs and I'm so glad we had English together. I never would have survived her lectures. Good luck to you both. We better keep in touch! You two are the best!!

Love,
D.O.

Babe, This is just a little message to thank you for all the help through our almost 3 years. I love you more each day and when I'm gone to school for that year I'll still love you more. I know that our dream will come true one day. Thanks for being my girl forever.

VONS I love you 4 ever,
Mouse

ODE TO MY SCHOOL I love my school and that is true, it rides high over the "white and blue". Our senior class this year was tops. We'd stop at Bob's and have some pops. We had fun parties, and loved to dance. We would stay out all night if given the chance. Our summers were spent on the beach, at the ocean, Nenie's, Balboa, "Please pass the sun lotion". But without our friends, we couldn't have made it through. Keeping the old and making some new. As for me I was blessed with the best. Our friendships lasting through the toughest tests. There are certain things I will always remember, CAUSE I WON'T BE SEEING YOU NEXT SEPTEMBER. Nina "Djanarrell"; "Jules"; "Lizzy"; Ron (You're hurtin'); Baker ('ouch!); Sally (same wave length); Pat-rice; Dee (Is your sleeping bag warm?); Carolyn (Harry, How are ya?); Crazy Cassi; Brent (oh whatever!); Diane (partner); Kim (What time is it?); Trish (Giddeup); Glen (The code will be . . .); Susan (mouse); Bret (Get off my foot); Michelle (snip, snip here! snip snip there!); Lee, Cheryle, Shaun, and the gang (Dance Fever!); Enc (walked out of any restaurants lately?); Dindy & Lindi (those laughs); To all the rest I love you better, But I just couldn't fit it in this letter.

With love,
Lori

Mom, Thanks for all the guidance and understanding. You're the best.

Love,
Gary

Brian, I am really glad that our friendship has gotten really good. It is great to know I have a terrific best friend, that is always there. We have shared a lot and I know our friendship will continue to grow no matter what happens. Remember you will always have a friend in me. You are such a F.O.R.D.

Friends always,
Lee

To Bill, Brenda, Brian, Cheryl, Chris, Crystal, Chuck, Diana, Felipe, Gabrielle, Glen, Isabel, Janine, Jay, Kelly, Laura, Lee, Shaun, Scott: You have all been dear friends through the good and bad. I'll never forget all the fun we had at parties, dances, CU in DC, Bob's . . . Let's continue our friendships wherever we go. Good luck in all your endeavors. I'm sure you all will do well. God bless you all.

Love,
Your friend, Diana

Cindy, The big question is where do I begin. We have only become close just these past two years. But I am so glad we did. You're the most special person in my life. Not only did I get you but I got a very special family. Mama and Papa Dyer are the greatest people. Ron is such a super guy and Carl is so fo-fie and dahrlling. We have been through so much together I can't even begin to mention but I am glad I went through it with you. You hold such a special place in my heart. I have never had a friend so good and so close. It's a nice feeling to be able to turn to someone and know that they will listen to whatever you have to say no matter how dumb, boring or stupid it is. I know we'll see each other all through the summer. (I can live at your house) and we're both going to the same college so I know we'll drive together and see each other all the time. I know I don't really let out all my feelings but I

Cassiopeia, Our friendship has grown so much this year. We've really been there for each other when we've needed each other. I probably would be a mental derelict if I didn't have you last summer to help me through. The beach sure was great therapy! (Led Zep!) Things were tough and we've made it. Holding strong and moving on . . . together! When I think back on our senior year I remember all our classes together (Giffy!) and always discussing our monstrous dilemmas! Such troubled children. I wouldn't have wanted to go through my

senior year without you! Maybe I'll be a psychologist. I've had plenty of practice! What knowledge I have! Thanks for it all!

Love,
D.O.

I wish to you with all my heart love and happiness in everything you do. Just remember this. I love you!

Love,

Cindy Lee: Hi Kitty. You should know who this is. I just wanted to thank you for listening to me in CERL. You are very sweet and nice. We had a great year in Small and Tall Flags and they are both number 1. I still feel that if we wrote down everything that happened in the Band Family it would be a great soap opera. Well, I have to go now. Tell Tom I said Hi. Keep in touch. Flags forever!

Love, Claire & Ann

To The Students At John Burroughs High School: With regret, I am leaving my School Resource Officer position. My three year assignment is up. To all my very good friends, goodbye and thank you. Working at the high school level was quite an experience (football games, dances, etc.) If we talked and communicated, then this program was a success. I hope I showed you the other side of a police officer. All of you certainly impressed me. Again, thank you and good luck on a great future.

Sincerely,
Officer Carl J. Costanzo
